Please listen carefully to weather reports during bushfire season. In the event of a bushfire during school hours, students will be collected from the **HOME ECONOMICS** building. This is our Bushfire Safety House. We are able to keep children here until it is safe for you to collect them. You can park in the bus turn around area and come to the front door of the Bushfire Safety House.

TOTAL FIRE BAN DAYS

All decisions for the school is managed by the Department via the Principal. Everyone moves to the Bushfire Shelter. Only parents or nominated emergency contacts may collect children **if it is safe to do so**. All children **MUST** be signed out of the Bushfire Shelter. Staff will be on duty until all students are collected including beyond school hours depending on conditions. Buses are postponed until further notice.

CATASTROPHIC FIRE DAYS

CFS will make the decision by 4:30pm the day before for catastrophic rating. The school, preschool, playgroup and library will be closed and buses will not run. No one is to be on site. Schools to be closed will be listed on TV and radio. We will contact parents with our message systems (text, Seesaw, Facebook group). If phones go out we have a satellite phone. If the fire danger rating changes during the day, the school will remain open to allow us to contact parents for collection of children from our Bushfire Safety House if it is safe to do so. We will remain here with any children until it is safe for you to collect them. Please be aware it maybe hours or even overnight until you are able to safely get here.
